

**PEOPLE ARE IMPACTED
BY DISABILITIES**

Experienced

Since 1973, we have provided pathways to employment for people with disabilities.

Focused

Our mission is to enrich individual lives through integrated, community based employment. We are guided by the vision that one day, all people will work, play and interact in a community based on abilities, not disabilities.

Innovative

The job search is led by the job seeker based on the individual's aptitude and abilities, with the goal of finding the best employer / employee match. When we suggest a staff for your business, we've done our research.

Diverse

One in three people are impacted by disabilities and are loyal to businesses with diverse staffing.
