

LOOK OUT!

WHEELS AND FEET ARE ON THE STREET

An accessible community provides safe and convenient transportation choices to everyone whether it's walking, rolling (bikes, scooters, wheelchairs), transit or driving.

In Clarkston there have been 8 serious injuries and 2 deaths within the last 8 years. Alcohol was a factor in all but one of these instances.

MOST FREQUENT CAUSES OF PEDESTRIAN ACCIDENTS

- ALCOHOL/DRUGS
- DISTRACTED DRIVING
- SPEEDING
- FAILING TO YIELD AT A CROSSWALK

10 MPH

Can Seriously Injure a Pedestrian

THINK BEFORE YOU DRINK AND DRIVE!
THINK BEFORE YOU TEXT AND DRIVE!

Beyond devastating emotional consequences, if you hit a pedestrian or cyclist you can face fines, lose your license, incur a lawsuit, or even go to jail. A near miss is still too close and a life lost is someone's friend and family.
